

8x8x24 Burnished CMU

8x8x24 Standard

8x8x24 Bond Beam

8x8x12 U-Lintel

Availability

Special order only. Burnishing available on two sides. May be limited in plant location. Available in any of our integral color options.

Standards

Concrete masonry units manufactured by Angelus Block Co., Inc. meet ASTM C90 Standard Specification for Loadbearing Concrete Masonry Units.

Fire Rating

Solid grouted walls 8-in wide and greater are rated at 4 hours, per CBC Table 721.1(2). For partially grouted walls, depending on the specified weight classification, 8-inch wide units are 1 hour to 2 hours, and 12-inch wide units are 2 hours to 3 hours.

Sustainable Features

- This product is included in Type III Environmental Product
 Declarations for Angelus Block Concrete Masonry Units, specific
 to location and mix designs, and in one of six Health Product
 Declarations, as applicable for its weight classification.
- Contributes to green rating systems calculations, including Regional Materials, EPDs, and Material Ingredient Reporting.
- Angelus Block CMU help facilitate and support many more strategies and credits, including Optimize Energy Performance, Construction Waste Management, and several within Indoor Environmental Quality. Angelus Block CMU contain no VOCs.

See Sustainable & Resilient Design: Angelus Block Products' Application to Rating Systems and Code for detailed information. A copy is available from your representative, or as a download at www.AngelusBlock.com.

 $\label{eq:aggregate} \textit{Aggregate exposure in all Burnished units will vary across the unit face, and from unit to unit.}$
