

Square Column CMU Slumpstone™

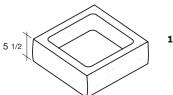

12x4x12 Ring

16x4x16 Ring

12x6x12 Ring

16x6x16 Ring

Features

Square columns, or "Rings", are used for freestanding columns. Slumpstone units feature irregularly rounded or bulged surfaces with a texture ranging from slick to course, providing a warm, rustic appearance.

Availability

Normally stocked in Natural Gray; limited inventory in a stock color. Available in any of our integral color options on special order.

Standards

Concrete masonry units manufactured by Angelus Block Co., Inc. meet ASTM C90 Standard Specification for Loadbearing Concrete Masonry Units.

Fire Rating

Solid grouted walls 8-in wide and greater are rated at 4 hours, per CBC Table 721.1(2). For partially grouted walls, depending on the specified weight classification, 8-inch wide units are 1 hour to 2 hours, and 12-inch wide units are 2 hours to 3 hours.

Sustainable Features

- This product is included in Type III Environmental Product Declarations for Angelus Block Concrete Masonry Units, specific to location and mix designs, and in one of six Health Product Declarations, as applicable for its weight classification.
- Contributes to green rating systems calculations, including Regional Materials, EPDs, and Material Ingredient Reporting.
- Angelus Block CMU help facilitate and support many more strategies and credits, including Optimize Energy Performance, Construction Waste Management, and several within Indoor Environmental Quality. Angelus Block CMU contain no VOCs.
