

# Half-Face Split CMU

**8x8x16 Standard  
Mid-Split**

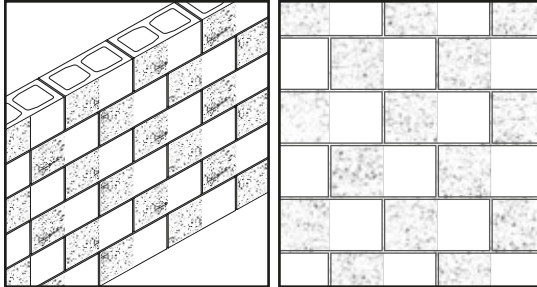

Mid-Split 1-Side 1-End

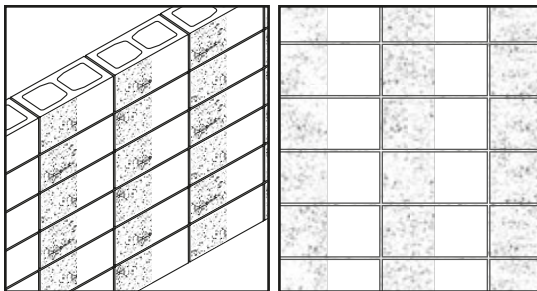

Inside Split Face Corner

Mid-Split  
Running Bond

Mid-Split  
Stack Bond

Variation in aggregate exposure is inherent in all split face products.

Cells and web configurations as shown are representational only, and actual configurations may differ.

## Features

With just half the face in a split texture, Mid-Split CMU provide design effects without projections. Used as afield, a running bond installation creates a checkerboard pattern; in stack bond, vertical striations. Inserted in a field of typical precision or split face units, the Mid-Split can add accents at random, or in phasing patterns. This unit can also facilitate clean inside corners for split textured walls.

## Availability

**Special order only.** Configurations such as open ends and open end bond beams may be available. Units can be made in any of our integral color options.

## Standards

Concrete masonry units manufactured by Angelus Block Co., Inc. meet ASTM C90 Standard Specification for Loadbearing Concrete Masonry Units.

## Fire Rating

Solid grouted walls 8-in wide and greater are rated at 4 hours, per CBC Table 721.1(2). For partially grouted walls, depending on the specified weight classification, 8-inch wide units are 1 hour to 2 hours, and 12-inch wide units are 2 hours to 3 hours.

## Sustainable Features

- This product is included in *Environmental Product Declaration for Angelus Block Concrete Masonry Units*, a Type III EPD, and in one of six *Health Product Declarations*, as applicable for its weight classification.
  - Contributes to green rating systems calculations, including Regional Materials, EPDs, and Material Ingredient Reporting.
  - Angelus Block CMU help facilitate and support many more strategies and credits, including Optimize Energy Performance, Construction Waste Management, and several within Indoor Environmental Quality. Angelus Block CMU contain no VOCs.
- See *Sustainable Design & Angelus Block Products* for detailed information. A copy is available from your representative, or as a download at [www.AngelusBlock.com](http://www.AngelusBlock.com).
- Angelus Block Take-Back Program: Facilities and procedures for receiving and repurposing concrete masonry waste into recycled aggregates.
