Split Face

Description
Split Face units have a rough, uneven texture with exposed aggregate. They begin as two or more units molded together and, after a curing period, are fractured apart by a splitting machine. Blades in the machine exert pressure simultaneously on the top, bottom, and sometimes the ends of the units.

By the very nature of its manufacture the split face texture varies in terms of degree of aggregate exposure and surface projections or depressions.

Sizes of split units are expressed in terms of nominal dimensions and compensate for a standard 3/8 inch mortar joint. That is, an 8 x 8 x 16 is actually 7 5/8 x 7 5/8 x 15 5/8 inches, with a permissible variation in overall dimensions (width, height, length) of ± 1/8 inch.

Standards
All Split Face units manufactured by Angelus Block are hollow or solid loadbearing CMU in accordance with ASTM C90.

Availability
Standard, or stock, items include a variety of widths in three weights:

- Medium Weight is stocked in gray and a color in a “tan” range.
- Lightweight is stocked in gray only and may be limited in availability.

Units shown in this section are generally available except as noted.

Special order items are in addition to normal stock and are indicated as “Special Order Only”. Such units require manufacturing lead times and possible minimum quantities. Additional charges may apply depending on order quantities.

High-Stress units with compressive strengths of 2,500 to 3,750 net psi are available on special order. Limited inventory may be available in some facilities; verify with your representative.

Colors are available on special order from an extensive palette. Contact your representative for color references and materials, or visit Colors & Textures at www.angelusblock.com.

For any special order, whether for configuration, strength, weight, or color, please contact your representative for specific information.

Specifications
Please see Specifications at www.angelusblock.com/specifications.cfm for guide specs containing informative user notes.
