### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier
- **Product form**: Mixture
- **Product name & Code**:
  - Sakrete Roof Tile Mortar
    - Product code: 65300047 - 80lb bag
  - Sakrete Glass Block Mortar
    - Product code: 65304215 - 50lb bag
  - Sakrete B-1 Trowel Grade Leveler
    - Product code: 65550060 - 25lb bag
  - Sakrete Sand Mix
    - Product code: 65305305 - 40lb; 65306217 - 60lb; 65200400 - 80lb
  - Sakrete Stoneworks Mix
    - Product code: 65480028 - 80lb Gray
  - Sakrete Stoneworks Stone Veener Mortar Dry Stack (Gray)
    - Product code: 65480029 - 80lb Gray
  - Sakrete Stoneworks Stone Veener Mortar Dry Stack (Buff)
    - Product code: 65480021 - 80lb Buff

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against
- **Use of the substance/mixture**: Various.

#### 1.3. Details of the supplier of the safety data sheet
- **Sakrete of North America**
  - 625 Griffith Rd., Ste 100 Charlotte, NC 28217
  - T 800-334-0784 Tech Service: Monday - Friday; 8:00am - 5:00pm EST

#### 1.4. Emergency telephone number
- **Emergency number**: For Hazardous Materials [or Dangerous Goods] Incident Spill, Leak, Fire, Exposure, or Accident
  - Call CHEMTREC Day or Night
  - 1-800-424-9300 [USA] / +1 703-527-3887 [CAN]

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture
- **GHS-US classification**
  - Acute toxicity 4 (Oral)
  - Skin Irritation 2
  - Serious Eye Damage 1
  - Skin Sensitization 1
  - Carcinogenicity 1A
  - Specific Target Organ Toxicity After Single Exposure 3
  - Specific Target Organ Toxicity After Repeated Exposure 1

#### 2.2. Label elements
- **GHS-US labelling**
  - **Hazard pictograms (GHS-US)**
  - **Signal word (GHS-US)**: Danger
  - **Hazard statements (GHS-US)**: Harmful if swallowed. Causes skin irritation. Causes serious eye damage. May cause an allergic skin reaction. May cause cancer. May cause respiratory irritation. Causes damage to lungs through prolonged or repeated exposure.
  - **Precautionary statements (GHS-US)**: Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Contaminated work clothing must not be allowed out of the workplace. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves/protective clothing/eye protection/face protection. Use only outdoors or in a well-ventilated area. Do not breathe dust. If swallowed: Immediately call a poison center/doctor. Rinse mouth. If on skin: Wash with plenty of water. Take off contaminated
2.3. Other hazards

Other hazards not contributing to the classification: Not applicable.

2.4. Unknown acute toxicity (GHS-US)

Sakrete B-1 Trowel Grade Leveler: 66 % of the mixture consists of ingredient(s) of unknown acute toxicity.
Sakrete Stoneworks Stone Veener Mortar Dry Stack (Gray): 17 % of the mixture consists of ingredient(s) of unknown acute toxicity.
Sakrete Roof Tile Mortar: 15 % of the mixture consists of ingredient(s) of unknown acute toxicity.
Sakrete Glass Block Mortar; Sakrete B-1 Trowel Grade Leveler: Sakrete Sand Mix: 11 % of the mixture consists of ingredient(s) of unknown acute toxicity.

SECTION 3: Composition/information on ingredients

3.1. Substance

Not applicable

3.2. Mixture

1 Sakrete Glass Block Mortar
2 Sakrete B-1 Trowel Grade Leveler
3 Sakrete Roof Tile Mortar; Sakrete Glass Block Mortar; Sakrete B-1 Trowel Grade Leveler; Sakrete Sand Mix

The exact percentage (concentration) of composition has been withheld as a trade secret in accordance with paragraph (i) of §1910.1200.

SECTION 4: First aid measures

4.1. Description of first aid measures

First-aid measures after inhalation: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.
First-aid measures after skin contact: In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Call a physician if irritation develops and persists.
First-aid measures after eye contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If easy to do, remove contact lenses, if worn. Get medical attention immediately.
First-aid measures after ingestion: If swallowed, do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Immediately call a POISON CENTER or doctor/physician.

4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries after inhalation: May cause respiratory tract irritation.
Symptoms/injuries after skin contact: Causes skin irritation. May cause burns in the presence of moisture. Skin contact during hydration may slowly develop sufficient heat that may cause severe burns possibly resulting in permanent injury. Do not allow product to harden around any body part or allow continuous, prolonged contact with skin. Handling can cause dry skin. May cause sensitisation by skin contact.

Symptoms/injuries after eye contact: Causes serious eye damage. May cause burns in the presence of moisture. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.

Symptoms/injuries after ingestion: Harmful if swallowed. May cause stomach distress, nausea or vomiting.

4.3. Indication of any immediate medical attention and special treatment needed
Symptoms may not appear immediately. In case of accident or if you feel unwell, seek medical advice immediately (show the label or SDS where possible).

SECTION 5: Firefighting measures
5.1. Extinguishing media
Suitable extinguishing media: Treat for surrounding material.
Unsuitable extinguishing media: Not available.

5.2. Special hazards arising from the substance or mixture
Fire hazard: Products of combustion may include, and are not limited to: oxides of carbon.

5.3. Advice for firefighters
Firefighting instructions: Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).

SECTION 6: Accidental release measures
6.1. Personal precautions, protective equipment and emergency procedures
General measures: Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel.

6.2. Methods and material for containment and cleaning up
For containment: Contain spill, then place in a suitable container. Do not flush to sewer or allow to enter waterways. Use appropriate Personal Protective Equipment (PPE).

Methods for cleaning up: Vacuum or sweep material and place in a disposal container.

6.3. Reference to other sections
No additional information available.

SECTION 7: Handling and storage
7.1. Precautions for safe handling
Precautions for safe handling: Do not swallow. Avoid contact with skin and eyes. Good housekeeping is important to prevent accumulation of dust. Avoid generating and breathing dust. The use of compressed air for cleaning clothing, equipment, etc, is not recommended. Handle and open container with care. When using do not eat, drink or smoke.

Hygiene measures: Launder contaminated clothing before reuse. Wash hands before eating, drinking, or smoking.

7.2. Conditions for safe storage, including any incompatibilities
Storage conditions: Keep out of the reach of children. Store in dust-tight, dry, labelled containers. Keep container tightly closed when not in use. Avoid any dust buildup by frequent cleaning and suitable construction of the storage area. Do not store in an area equipped with emergency water sprinklers.

7.3. Specific end use(s)
No additional information available.

SECTION 8: Exposure controls/personal protection
8.1. Control parameters

8.2. Exposure controls

Appropriate engineering controls: Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, etc.) below recommended exposure limits.

Hand protection: Wear suitable waterproof gloves.

Eye protection: Wear approved eye protection (properly fitted dust- or splash-proof chemical safety goggles) and face protection (face shield).

Skin and body protection: Wear suitable waterproof protective clothing.

Respiratory protection: A NIOSH approved dust mask or filtering facepiece is recommended in poorly ventilated areas or when permissible exposure limits may be exceeded. Respirators should be selected by and used under the direction of a trained health and safety professional following requirements found in OSHA’s respirator standard (29 CFR 1910.134) and ANSI’s standard for respiratory protection (Z88.2).

Other information: Do not eat, smoke or drink where material is handled, processed or stored. Wash hands carefully before eating or smoking. Handle according to established industrial hygiene and safety practices.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state: Solid

Appearance: Powder.

Colour: Various.

Odour: Characteristic.

Odour threshold: No data available.

pH: 12 – 13

Relative evaporation rate (butylacetate=1): No data available.

Melting point: No data available.

Freezing point: No data available.
Boiling point: No data available.
Flash point: No data available.
Self ignition temperature: No data available.
Decomposition temperature: No data available.
Flammability (solid, gas): Not flammable.
Vapour pressure: No data available.
Relative vapour density at 20 °C: No data available.
Relative density: No data available.
Solubility: No data available.
Log Pow: No data available.
Viscosity, kinematic: No data available.
Viscosity, dynamic: No data available.
Explosive properties: No data available.
Explosive limits: No data available.

9.2. Other information
VOC content: 0%, Not applicable; 0 wt, Not applicable.

SECTION 10: Stability and reactivity

10.1. Reactivity
No dangerous reaction known under conditions of normal use.

10.2. Chemical stability
Stable under normal storage conditions. Keep dry in storage.

10.3. Possibility of hazardous reactions
No dangerous reaction known under conditions of normal use.

10.4. Conditions to avoid
Incompatible materials. Moisture.

10.5. Incompatible materials
Wet cement is alkaline and incompatible with acid, ammonium salts and aluminum metal.

10.6. Hazardous decomposition products
May include, and are not limited to: oxides of carbon.

SECTION 11: Toxicological information

11.1. Information on toxicological effects
Acute toxicity: Harmful if swallowed.

Safety Data Sheet

### Magnesium oxide (MgO) (1309-48-4)

- **LD50 oral rat**: > 5000 mg/kg

### Magnesium hydroxide (1309-42-8)

- **LD50 oral rat**: 8500 mg/kg

- **Skin corrosion/irritation**: Causes skin irritation.

- **Serious eye damage/irritation**: Causes serious eye damage.

- **Respiratory or skin sensitisation**: May cause an allergic skin reaction.

- **Germ cell mutagenicity**: Based on available data, the classification criteria are not met.

- **Carcinogenicity**: May cause cancer.

### Quartz (14808-60-7)

- **IARC group**: 1

- **National Toxicity Program (NTP) Status**: 2

### Iron oxide (Fe2O3) (1309-37-1)

- **IARC group**: 3

- **Reproductive toxicity**: Based on available data, the classification criteria are not met.

- **Specific target organ toxicity (single exposure)**: May cause respiratory irritation.

- **Specific target organ toxicity (repeated exposure)**: Causes damage to lungs through prolonged or repeated exposure. (Respirable crystalline silica in the form of quartz or cristobalite from occupational sources is listed by the International Agency for Research on Cancer (IARC) and National Toxicology Program (NTP) as a lung carcinogen. Prolonged exposure to respirable crystalline silica has been known to cause silicosis, a lung disease, which may be disabling. While there may be a factor of individual susceptibility to a given exposure to respirable silica dust, the risk of contracting silicosis and the severity of the disease is clearly related to the amount of dust exposure and the length of time (usually years) of exposure.)

- **Aspiration hazard**: Based on available data, the classification criteria are not met.

- **Symptoms/injuries after inhalation**: May cause respiratory tract irritation.

- **Symptoms/injuries after skin contact**: Causes skin irritation. May cause burns in the presence of moisture. Skin contact during hydration may slowly develop sufficient heat that may cause severe burns possibly resulting in permanent injury. Do not allow product to harden around any body part or allow continuous, prolonged contact with skin. Handling can cause dry skin. May cause sensitisation by skin contact.

- **Symptoms/injuries after eye contact**: Causes serious eye damage. May cause burns in the presence of moisture. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.

- **Symptoms/injuries after ingestion**: Harmful if swallowed. May cause stomach distress, nausea or vomiting.

- **Other information**: Likely routes of exposure: ingestion, inhalation, skin and eye.

### SECTION 12: Ecological information

#### 12.1. Toxicity

- **Ecology - general**: No ecological consideration when used according to directions. Normal dilution of this product to drains, sewers, septic systems and treatment plants is not considered environmentally harmful.

#### 12.2. Persistence and degradability

- **Sakrete Roof Tile Mortar; Sakrete Glass Block Mortar; Sakrete B-1 Trowel Grade Leveler; Sakrete Sand Mix; Sakrete Stoneworks Mix; Sakrete Stoneworks Stone Veener Mortar Dry Stack (Gray); Sakrete Stoneworks Stone Veener Mortar Dry Stack (Buff)**

- **Persistence and degradability**: No data available.

#### 12.3. Bioaccumulative potential

- **Sakrete Roof Tile Mortar; Sakrete Glass Block Mortar; Sakrete B-1 Trowel Grade Leveler; Sakrete Sand Mix; Sakrete Stoneworks Mix; Sakrete Stoneworks Stone Veener Mortar Dry Stack (Gray); Sakrete Stoneworks Stone Veener Mortar Dry Stack (Buff)**

- **Bioaccumulative potential**: No data available.

#### 12.4. Mobility in soil

- **Sakrete Roof Tile Mortar; Sakrete Glass Block Mortar; Sakrete B-1 Trowel Grade Leveler; Sakrete Sand Mix; Sakrete Stoneworks Mix; Sakrete Stoneworks Stone Veener Mortar Dry Stack (Gray); Sakrete Stoneworks Stone Veener Mortar Dry Stack (Buff)**

- **Ecology - soil**: No data available.

#### 12.5. Other adverse effects

- **Other adverse effects**: No data available.
Sakrete Roof Tile Mortar; Sakrete Glass Block Mortar; Sakrete B-1 Trowel Grade Leveler; Sakrete Sand Mix; Sakrete Stoneworks Mix; Sakrete Stoneworks Stone Veener Mortar Dry Stack (Gris); Sakrete Stoneworks Stone Veener Mortar Dry Stack (Buff)

Safety Data Sheet

**SECTION 13: Disposal considerations**

13.1. Waste treatment methods
Waste disposal recommendations : This material must be disposed of in accordance with all local, state, provincial, and federal regulations.

**SECTION 14: Transport information**

In accordance with DOT

14.1. UN number
Not applicable

14.2. UN proper shipping name
Not applicable

14.3. Additional information
Other information : No supplementary information available.
Special transport precautions : Do not handle until all safety precautions have been read and understood.

**SECTION 15: Regulatory information**

15.1. US Federal regulations

SECTION 16: Other information

Indication of changes : None.
Other information : None.

NFPA health hazard : 3 - Short exposure could cause serious temporary or residual injury even though prompt medical attention was given.
NFPA fire hazard : 1 - Must be preheated before ignition can occur.
NFPA reactivity : 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product
