

Founded in 1946, Angelus Block is California's leading producer of concrete masonry units, interlocking concrete pavers, decorative site wall units, and segmental planter wall units.

Angelus Block is currently seeking to hire a full-time Environmental Health and Safety Director. This position will be based out of our Corporate Headquarters in Sun Valley, California.

Under the direction of the President, this position is responsible for the environmental laws, programs, and completion of site characterizations at each facility. This position works with government regulated agencies and counsel along with inter-company personnel at all levels to meet the requirements set forth by the agencies. This position will provide technical safety and health support to production and office personnel. This position will develop corporate safety and health programs as well as coordinate safety training programs. This position will monitor safety and health regulation and provide technical support to production and office personnel, and ensure that the company is in compliance with Federal and State safety and health regulations.

Primary Responsibilities

- Coordinates with management to maintain, administer, and enforce company-wide safety policies and procedures
- Ensure company compliance with federal and state safety and environmental regulations
- Provide technical safety and health support to production and office personnel
- Maintain corporate safety and health programs, and assess and recommend areas of improvement
- Serve as the primary contact with all federal and state environmental agencies
- Coordinate and facilitate regulatory inspections
- Track and renew permits and safety training schedules

Position Requirements

- Ability to drive to and from several Southern California company locations
- Ability to effectively communicate with all levels of the workforce and management
- Possess experience in safety practices by working in relevant field or industry
- Strong organizational and time management skills.
- Ability to prioritize and handle multiple tasks
- Associates Degree preferred
- Ability to earn safety certifications and industry-specific fundamentals
- Strong computer skills (MS Office / Outlook)
- Ability to work under pressure and make strong decisions
- Strong verbal and written communication skills
- Bilingual a plus, but not necessary

- Prior experience with most of the following preferred:
 - CALOSHA
 - CARB
 - SCAQMD
 - EPA
 - Fire Departments
 - Regional Water Quality

Interested candidates should forward a current resume with salary expectations to mwagner@angelusblock.com.
